A

Agel J: see Arendt EA
Albensi RJ, Nyland J, Caborn DNM: The relationship of body weight and clinical foot and ankle measurements to the heel forces of forward and backward walking, 34:328
Allen JD, Mattacola CG, Perrin DH: Effect of microcurrent stimulation on delayed-onset muscle soreness: a double-blind comparison, 34:334
Alt JM: see Stilger VG
Andrews JR: see Wilk KE
Arendt EA, Agel J, Dick R: Anterior cruciate ligament injury patterns among collegiate men and women, 34:86
Arnold BL: Editorial. Professional maturation: raising our professional voice, 34:229
Arrigo C: see Wilk KE
Austin MC: see Cameron KL
Avella D: see Tomaszewski D

B

Barber-Foss KD: see Powell JW
Beck CL: see Heitz NA
Behnke RS: see Delforge GD
Bernier JN: *Laboratory Activities for Therapeutic Modalities* (media review), 34:294
Bernier JN: see Decoster LC
Bleggi SD: see Hopkins JT
Bonci CM: Assessment and evaluation of predisposing factors to anterior cruciate ligament injury, 34:155
Bunker LK: *Progress in Motor Control: Bernstein's Traditions in Movement Studies* (media review), 34:296
Burke DG: see Holt LE
Burton L: see Cook G
Buxton BP: see Tsang K

C

Caborn DNM: see Albensi RJ; Nyland JA
Calhoon G, Fry AC: Injury rates and profiles of elite competitive weightlifters, 34:232
Cameron KL, Yunker CA, Austin MC: A standardized protocol for the initial evaluation and documentation of mild brain injury, 34:34
Casa DJ: Exercise in the heat. I. Fundamentals of thermal physiology, performance implications, and dehydration, 34:246
Casa DJ: Exercise in the heat. II. Critical concepts in rehydration, exertional heat illnesses, and maximizing athletic performance, 34:253
Casterline MR: *Instructor's Toolkit for Concepts of Athletic Training* (media review), 34:299
Champion HC: see Lyznicki JM
Chandler TJ: *Complete Conditioning for Tennis* (media review), 34:73
Chappell S: see Turk JC
Clancy WG Jr: see Wilk KE
Clark N: *Nutrition for Sport & Exercise* (media review), 34:294
Cook G, Burton L, Fields K: Reactive neuromuscular training for the anterior cruciate ligament-deficient knee: a case report, 34:194
Cottone J: *Quick Reference Guide to Sports Injury Management* (media review), 34:67
Cramer CR: A reconditioning program to lower the recurrence of brachial plexus neurapraxia in college football players, 34:390
Cross KM, Worrell TW: Effects of a static stretching program on the incidence of lower extremity musculotendinous strains, 34:11

D

Darrow H, Schulthies S, Draper D, Ricard M, Measom GJ: Serum dexamethasone levels after Decadron phonophoresis, 34:338
Davlin CD, Holcomb WR, Guadagnoli MA: The effect of hip position and electromyographic biofeedback training on the vastus medialis oblique: vastus lateralis ratio, 34:342
Davlin CD, Holcomb WR, Guadagnoli MA: Authors' response, 34:348
Decoster LC, Bernier JN, Lindsay RH, Vailas JC: Generalized joint hypermobility and its relationship to injury patterns among NCAA lacrosse players, 34:99
Delforge GD, Behnke RS: The history and evolution of athletic training education in the United States, 34:53
DeMont RG, Lephart SM, Giraldo JL, Swanik CB, Fu FH: Muscle preactivity of anterior cruciate ligament-deficient and -reconstructed females during functional activities, 34:115
DeMont RG: see Swanik CB
Dick R: see Arendt EA
Dickinson AL: Why the *Journal*?, 34:407
Doughtie M: Syndesmotic ankle sprains in football: a survey of National Football League athletic trainers, 34:15
Draper D: see Darrow H
Duncan JB: see Keskula DR
Dunn-Bennett LR: see Ransone J

Indexes

SUBJECT INDEX
Volume 34

A

Abstracts, 34:64, 34:202
Adolescent health, high school sports, athletic training, 34:272
Ankle stirrup, management of acute lateral ankle sprains, treatment comparisons, 34:5
Anorexia nervosa
  college coaches' knowledge of, 34:19
  obsessive-compulsive disorder, high school athlete, case report, 34:375
Anterior cruciate ligament
  anterior tibial translation in collegiate athletes with, 34:93
  assessing sex differences in neuromuscular response characteristics, surface electromyography evaluation, 34:165
  deficient and reconstructed, muscle preactivity during functional activities, females, 34:115
  deficient knee, reactive neuromuscular training, case report, 34:194
  female athletes, injuries, epidemiology, 34:150
  in injured females during functional activities, 34:121
  injury
    in female athletes, editorial, 34:85
    patterns, collegiate men and women, 34:86
    predisposing factors, assessment and evaluation, 34:155
  laxity, hormonal levels assessed during normal menstrual cycle, 34:144
  muscular fatigue effects on knee joint laxity, neuromuscular characteristics of male and female athletes, 34:106
  postural control in postoperative reconstructed patients, evaluation, 34:130
  reconstruction, rehabilitation, in female athlete, 34:177
Anterior tibial translation (ATT), in collegiate athletes with normal anterior cruciate ligament integrity, 34:93
Arm strength, effects, using Closed Chain Rider System, 34:358
Arthrometry, anterior tibial translation in collegiate athletes with normal anterior cruciate ligament integrity, 34:93
Arthroscope, laser-assisted capsular shift procedure, intercollegiate volleyball player, case report, 34:386
Assessment, standard sit-and-reach flexibility protocol, 34:43
Athlete, eating disorders, collegiate coaches' knowledge, 34:19
Athletic injuries
  high school coaches, first-aid knowledge, decision making, 34:267
  high school sports, certified athletic trainers, 34:272
  patterns, 1995–1997 high school seasons review, 34:277
Athletic injury surveillance, generalized joint hypermobility, relationship to injury patterns among NCAA lacrosse players, 34:99
Athletic trainer certification, milestones, 34:285
Athletic training
  curriculum approval, colleges and universities, 34:62
  eating disorders, college coaches' knowledge of, 34:19
  golden anniversary, editorial, 34:1
  high school sports, professional responsibilities, educational requirements, 34:272
  history and evolution, in United States, 34:53
  National Athletic Trainers' Association, is certification examination needed?, 34:292
  ranking systems, 34:48
  44-year history review of the *Journal of Athletic Training*, 34:397
Authors' response, 34:348

B

Balance, postural control in postoperative anterior cruciate ligament, reconstruction patients, 34:130
Barrier cream, tinea corporis prevention, collegiate wrestlers, 34:350
Baseball, college players, traumatic hyphema, case report, 34:25
Basketball
  anterior cruciate ligament injury patterns, collegiate men and women, 34:86
  female college players, proprioceptive training, anterior cruciate ligament-deficient knee, case report, 34:194
Biofeedback, electromyographic, vastus medialis oblique: vastus lateralis ratio, 34:342
Biomechanics
  crossover cutting during hamstring fatigue produces transverse plane knee control deficits, 34:137
  forward and backward walking, body weight, foot and ankle, heel forces relationship, 34:328
Board of Certification, milestones in athletic trainer certification, 34:285
Body cooling techniques, physiologic and performance guidelines while exercising in the heat, 34:253
Brain injury, mild, standardized protocol, initial evaluation and documentation, 34:34

C

CAHEA, history and evaluation of athletic training, in United States, 34:53
Cardiovascular, exercise in the heat, physiologic foundations, 34:246
Career services center, athletic training education programs, job search and related issues, 34:368
Cervical nerve injury, brachial plexus neurapraxia management techniques, collegiate football players, 34:390
Chinese herbal stimulants, intercollegiate wrestling, syncope and atypical chest pain, case report, 34:263
Clean and jerk lift, injury rates, competitive weightlifters profiles, 34:232
Closed kinetic chain
  muscle preactivity of anterior cruciate ligament-deficient and -reconstructed females during functional activities, 34:115
  reliability and effects of arm dominance, on isokinetic force, work, and power, 34:358
Commentary, 34:346
Committee on Allied Health Education and Accreditation (CAHEA), athletic training, history and evolution, in United States, 34:53
Committee on Gaining Recognition, history and evolution of athletic training education in United States, 34:53

Committee on Professional Advancement, milestones in athletic trainer certification, 34:285
Concentric, eversion strength analysis, uninjured and functionally unstable ankles, 34:239
Concussion, standardized protocol, initial evaluation, mild brain injury documentation, 34:34
Corticosteroid, serum dexamethasone levels after Decadron phonophoresis, 34:338
Current Literature, 34:75, 34:213
Cycloplegia, traumatic hyphema, intercollegiate baseball player, case report, 34:25

D

Decadron phonophoresis, serum dexamethasone levels after, 34:338
Dehydration, physiologic and performance guidelines while exercising in the heat, 34:253
Delayed-onset muscle soreness (DOMS), effects of microcurrent electrical neuromuscular stimulation, 34:334
Diastasis, distal tibiofibular syndesmosis, National Football League athletic trainers survey, 34:15
Displacement, anterior tibial translation in collegiate athletes with normal anterior cruciate ligament integrity, 34:93
Distal tibiofibular syndesmosis, sprains, National Football League athletic trainers, survey, 34:15
Dynamic stability
  rehabilitation, after anterior cruciate ligament reconstruction in female athlete, 34:177
  surface electromyography evaluation to assess sex differences in neuromuscular response characteristics, 34:165

E

Eating disorders, college coaches' knowledge of, 34:19
Eccentric, eversion strength analysis, uninjured and functionally unstable ankles, 34:239
Edema reduction, management of acute lateral ankle sprains, treatment comparisons, 34:5
Editorials, 34:327, 34:1, 34:85, 34:229
Editors, 44-year history review of the *Journal of Athletic Training,* 34:397
Education, athletic training
  curriculum approval, colleges and universities, 34:62
  eating disorders, college coaches' knowledge of, 34:19
  ranking systems, 34:48
Education Council, history and evolution of athletic training education in United States, 34:53
Education Task Force, history and evolution of athletic training, in United States, 34:53
Electric stimulation, effects on delayed-onset muscle soreness, 34:334
Electromechanical delay, assessing sex differences in neuromuscular response characteristics, 34:165
Electromyography
  assessing sex differences in neuromuscular response characteristics, 34:165
  muscular fatigue effects on knee joint laxity, neuromuscular characteristics of male and female athletes, 34:106
Ephedrine, intercollegiate wrestling, syncope and atypical chest pain, case report, 34:263
Epidemiology
  anterior cruciate ligament injury patterns, collegiate men and women, 34:86
  injury patterns, 1995–1997 high school seasons, review, 34:277
Erratum, 34:4
Estrogen, anterior cruciate ligament laxity, hormonal levels assessed during normal menstrual cycle, 34:144
Exercise, resistance, injury rates, competitive weightlifters profiles, 34:232

F

Fitness testing, standard sit-and-reach flexibility protocol, 34:43
FlexCord, closed chain exercises, electromyographic comparison, 34:353
Flexibility, effects of a preventive stretching program on lower extremity musculotendinous strains, college football players, 34:11
Focal compression, management of acute lateral ankle sprains, treatment comparisons, 34:5
Football, college players, effects of static stretching programs, 34:11
Force plate, proprioception and neuromuscular control of the shoulder after muscle fatigue, 34:362
Functional movement assessment, crossover cutting during hamstring fatigue produces transverse plane knee control deficits, 34:137
Functional performance tests, anterior cruciate ligament injury, predisposing factors, assessment and evaluation, 34:155
Fundoscopy, traumatic hyphema, intercollegiate baseball player, case report, 34:25

G

Gait, forward and backward walking, body weight, foot and ankle, heel forces, relationship, 34:328
Glenohumeral joint, laser-assisted capsular shift procedure, intercollegiate volleyball player, case report, 34:386
Goniometry, forward and backward walking, body weight, foot and ankle, heel forces, relationship, 34:328
Gonioscopy, traumatic hyphema, intercollegiate baseball player, case report, 34:25
Graduate program ranking, athletic training education programs, 34:48
Graphic rating scale, effect of microcurrent stimulation on delayed-onset muscle soreness, 34:334

H

Hamstring fatigue, crossover cutting during, produces transverse plane knee control deficits, 34:137
Hamstrings, closed chain exercises, electromyographic comparison, 34:353
Heat acclimatization, physiologic and performance guidelines, while exercising in the heat, 34:253
Heat stress, physiology fundamentals, performance implications, dehydration, 34:246
High school sports, athletic training, professional responsibilities, educational requirements, 34:272
Hip pathology, snapping iliopsoas tendon, treatment for recreational athlete, case report, 34:382
Hip rehabilitation, recreational athlete, 4-week stretching program, case report, 34:382
Hockey player, high school, vertebral osteomyelitis, case report, 34:29
Hydration, physiologic and performance guidelines while exercising in the heat, 34:253
Hyphema, traumatic, intercollegiate baseball player, case report, 34:25

I

Impalement by foreign bodies, case report, 34:379
Impalement by foreign objects, case report, 34:379
Injury mechanisms
  anterior cruciate ligament injury, female athletes, epidemiology, 34:150
  crossover cutting during hamstring fatigue produces transverse plane knee control deficits, 34:137
Injury outcomes, high school coaches, first-aid knowledge, decision making, 34:267
Injury prevention, high school sports, athletic training, 34:272
Injury risk, generalized joint hypermobility, relationship to injury patterns among NCAA lacrosse players, 34:99

Instability, laser-assisted capsular shift procedure, intercollegiate volleyball player, case report, 34:386
Intravenous rehydration, restore physiologic functions, while exercising in the heat, 34:253
Isokinetic, eversion strength analysis, uninjured and functionally unstable ankles, 34:239
Isokinetic testing, Closed Chain Rider System reliability, arm dominance effects on work and power, 34:358
Isometric stabilization
impulse technique, reactive neuromuscular training, anterior cruciate ligament-deficient knee, case report, 34:194
oscillating technique, anterior cruciate ligament-deficient knee, reactive neuromuscular training, case report, 34:194

J

Job application, athletic training education programs, job search and employment-related issues, 34:368
Job search, athletic training education programs, employment-related issues, 34:368
Joint position sense, proprioception and neuromuscular control of the shoulder after muscle fatigue, 34:362
Joint Review Committee on Educational Programs in Athletic Training (JRC-AT), athletic training, history and evolution, in United States, 34:53
Journal of Athletic Training
why the *Journal* is needed, 34:407
44-year history review, 34:397

K

Knee
anterior cruciate ligament injury patterns, collegiate men and women, 34:86
anterior tibial translation in collegiate athletes with normal anterior cruciate ligament integrity, 34:93
Knee arthrometer, anterior cruciate ligament laxity, hormonal levels assessed during normal menstrual cycle, 34:144
Knee rehabilitation, closed chain exercises, electromyographic comparison, 34:353

L

Lacrosse, NCAA players, generalized joint hypermobility, relationship to injury patterns among, 34:99
Laxity
generalized joint hypermobility, relationship to injury patterns among NCAA lacrosse players, 34:99
knee joint, muscular fatigue effects on, neuromuscular characteristics of male and female athletes, 34:106
Letters to the editor, 34:2, 34:231
Limbal tissue, traumatic hyphema, intercollegiate baseball player, case report, 34:25
Low back pain, vertebral osteomyelitis, high school hockey player, case report, 34:29
Lower extremity injury, effects of a preventive stretching program, college football players, 34:11
Lumbar vertebra, vertebral osteomyelitis, high school hockey player, case report, 34:29

M

Manual techniques, brachial plexus neurapraxia management, collegiate football players, 34:390
Mechanoreceptors, proprioception and neuromuscular control of the shoulder after muscle fatigue, 34:362
Media reviews, 34:67, 34:294, 34:408,
Microcurrent electrical neuromuscular stimulation (MENS), effects on delayed-onset muscle soreness, 34:334
Mobilization, brachial plexus neurapraxia management techniques, collegiate football players, 34:390
Muscle activity
anterior cruciate ligament-deficient and -reconstructed females, 34:115
reactive muscle firing of anterior cruciate ligament-injured females during functional activities, 34:121
Muscle injury, effects of stretching program, lower extremity, 34:11
Musculotendinous strain injury, lower extremity, effects of a preventive stretching program, college football players, 34:11

N

NATA Board of Certification, milestones in athletic trainer certification, 34:285

National Football League (NFL), effects of static stretching programs, 34:11
National Organization for Competency Assurance, milestones in athletic trainer certification, 34:285
Neurologic, standardized protocol, initial evaluation, mild brain injury documentation, 34:34
Neuromuscular control, rehabilitation, after anterior cruciate ligament reconstruction, in female athlete, 34:177

O

Obsessive-compulsive disorder, anorexia nervosa, high school athlete, case report, 34:375
Outcome studies, anterior cruciate ligament injury, female athletes, epidemiology, 34:150

P

Patellofemoral, vastus medialis oblique:vastus lateralis ratio, electromyographic biofeedback, 34:342
Personnel management, athletic training education programs, job search and employment-related issues, 34:368
Perturbation training, rehabilitation, after anterior cruciate ligament reconstruction in female athlete, 34:177
Point of no return, anterior cruciate ligament injury, female athletes, epidemiology, 34:150
Postural malalignments, anterior cruciate ligament injury, predisposing factors, assessment and evaluation, 34:155
Posture
control in postoperative anterior cruciate ligament, reconstruction patients, 34:130
forward and backward walking, body weight, foot and ankle, heel forces, relationship, 34:328
Prestige ranking, athletic training education programs, 34:48
Prevention
eating disorders, collegiate coaches' knowledge, 34:19
lower extremity musculotendinous strains, 34:11
tinea corporis, collegiate wrestlers, 34:350
Prevention programs, anterior cruciate ligament injury, female athletes, epidemiology, 34:150
Productivity ranking, athletic training education programs, 34:48
Professional Education Committee, history and evolution of athletic training education in United States, 34:53
Professional maturation, raising our professional voice, editorial, 34:229
Progesterone, anterior cruciate ligament laxity, hormonal levels assessed during normal menstrual cycle, 34:144

Proprioception
anterior cruciate ligament-deficient knee, reactive neuromuscular training, case report, 34:194
muscular fatigue effects on knee joint laxity, neuromuscular characteristics of male and female athletes, 34:106
Puncture wounds, case report, 34:379

Q

Quadriceps, closed chain exercises, electromyographic comparison, 34:353
Quarter squat, closed chain exercises, electromyographic comparison, 34:353

R

Radioimmunoassay, anterior cruciate ligament laxity, hormonal levels assessed during normal menstrual cycle, 34:144
Ranking systems, athletic training education programs, 34:48
Reaction time, assessing sex differences in neuromuscular response characteristics, surface electromyography evaluation, 34:165
Reflex
assessing sex differences in neuromuscular response characteristics, surface electromyography evaluation, 34:165
reactive muscle firing of anterior cruciate ligament-injured females during functional activities, 34:121
Rehabilitation exercise, brachial plexus neurapraxia management techniques, collegiate football players, 34:390
Rheumatology, generalized joint hypermobility, relationship to injury patterns among NCAA lacrosse players, 34:99
Ringworm, tinea corporis prevention, collegiate wrestlers, 34:350
Risk, injury patterns, 1995–1997 high school seasons, review, 34:277

S

Scholarship, 44-year history review of the *Journal of Athletic Training,* 34:397
Serum analysis, dexamethasone levels after Decadron phonophoresis, 34:338
Shoulder injury, laser-assisted capsular shift procedure, intercollegiate volleyball player, case report, 34:386
Sideline evaluation, standardized protocol, mild brain injury documentation, 34:34
Sit-and-reach flexibility protocol, standard, modifications to, 34:43
Skin infections, tinea corporis prevention, collegiate wrestlers, 34:350
Snapping hip syndrome, evaluation, diagnosis, and treatment for recreational athlete, case report, 34:382
Snatch lift, injury rates, competitive weightlifters, profiles, 34:232
Soccer, anterior cruciate ligament injury patterns, collegiate men and women, 34:86
Spine, vertebral osteomyelitis, high school hockey player, case report, 34:29
Sprains
ankle, comparison of external support methods, 34:5
distal tibiofibular syndesmosis, National Football League athletic trainers, survey, 34:15
Staphylococcus aureus, vertebral osteomyelitis, high school hockey player, case report, 34:29
Static structural measures, anterior cruciate ligament injury, predisposing factors, assessment and evaluation, 34:155
Step-up, closed chain exercises, electromyographic comparison, 34:353
Strains, injury rates, competitive weightlifters, profiles, 34:232
Stretching program
preventive effects on lower extremity musculotendinous strains, college football players, 34:11
standard sit-and-reach flexibility protocol, 34:43
Surveillance, injury patterns, 1995–1997 high school seasons, review, 34:277

T

Tendinitis, injury rates, competitive weightlifters, profiles, 34:232
Thermoregulation, physiologic foundations, 34:246
Tonometry, traumatic hyphema, intercollegiate baseball player, case report, 34:25
Torque, peak, eversion strength analysis, uninjured and functionally unstable ankles, 34:239

U

Ultrasound, serum dexamethasone levels after Decadron phonophoresis, 34:338
Undergraduate program ranking, athletic training education programs, 34:48

V

Vocational guidance, athletic training education programs, job search and employment-related issues, 34:368

W

Weight loss, intercollegiate wrestling, over-the-counter stimulant, syncope and atypical chest pain, case report, 34:263
Wrestling
intercollegiate, syncope and atypical chest pain, case report, 34:263
tinea corporis prevention, 34:350
